STAT

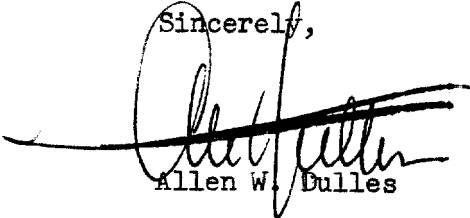

I have delayed answering your letter of May 28th in order to get the benefit of the best opinions as to possible solutions for the problem you raise.

On consideration, it seems to me that for the rest of this summer no problem exists. After all, summer is a good time for fishing or any other hobby or interest. By fall, perhaps, more active opportunities will be available and you can select one of them.

Thank you for the memorandum of our talk together.

Sincerely,

Allen W. Dulles
